COACHING

Coaches seminar held by
Coach Joe Pellicane.

The Molloy College Boys and Girls Basketball Team Camp is committed to offering quality basketball instruction. The five facets: shooting, ball handling, passing, rebounding and defense will be stressed continuously throughout the session. Knowledge of these five components is vital to any basketball players game.

The priority of our camp is to teach every team player the fundamental skills of basketball. Each camper will work with and learn from our skilled coaches. Drills, stations, lectures and games will be a significant portion of our structured camps.

Coaches and players of the Molloy College men's and women's basketball team will make up an energetic staff that will be sure to provide instruction that is second to none, and an experience that your child will always be sure to remember.
